

IAN RUDD

PERSONAL INFORMATION

- Marital status: Single
- Nationality: British
- Birth Date: 02/02/1982
- Age: 27
- Place of Birth: Orsett, Essex, England.
- Drivers Licence : Yes
- Personal Website : <http://www.zewdoo.co.uk>

EDUCATION

[10/2005 – 10/2006] [The University of Hertfordshire : Graduate School]

[Software Engineering MSc]

- Passed with a Commendation.
- Awarded the single scholarship available to post graduate Computer Science Students ([Clarity Blue Ltd MSc Computer Science Scholarship](#)).
- Final research thesis received an A2 grade, the second highest within the institution for 2006.

[10/2001 – 07/2005] [The University of Hertfordshire]

[Computer Science BSc]

- Passed with a 2:1 with honors.
- Sandwich Degree Award.

[09/1998 – 07/2000] [Brentwood County High School : Sixth Form]

[A-Level Qualifications]

- Gained 3 A-Level qualifications (A, C, C grades)

[09/1993 – 07/1998] [Brentwood County High School]

[GCSE Qualifications]

- Gained 10 A – C GCSE grades.

PROFESSIONAL EXPERIENCE

[05/2009 – 07/2009] [DCSF via [Fluent Interaction](#)] [London, UK]

[Software Engineer]

- I was given the task of transforming the current ‘Sustainable

Schools' website from static to dynamic, creating an Associated Content Management System which would allow staff to order, edit and create content themselves.

- As well as development, I also provided documentation (technical and non-technical) for both end users and for Fluent Interaction's staff.

The consumption portion of the site can be seen [here](#)

[05/2007 – 05/2009] [DCSF via Capgemini] [London, UK]
[Site Build Lead]

- I was contracted via Capgemini to lead the Site Build team of the Schoolsweb project.

- Tasks included technical development (Verity, CSS, XSLTs) on the actual project as well as the development of testing software.

- Developing documentation for the software I had created, as well as hosting sessions to guide potential users through it.

[10/2005 – 10/2006] [AHJ ([Alwen Hough Johnson](#))] [London, UK]
[Software Engineer]

- I was hired by AHJ during my Masters Degree to work remotely on an internet .asp based insurance system.

- The system allows both AHJ Underwriters and insurance brokers to process an application, from when it is first brought to AHJ's attention, all the way through to a quote being produced and producing legally binding certificates.

If requested, I have been given permission by AHJ to allow access to a non-live version of the system.

[09/2003 – 09/2004] [AIG ([American International Group](#))] [London, UK]
[Software Engineer]

- I was hired by AIG during the work placement year of my degree to be the sole designer of an .asp based intranet system for [The Lexington Insurance Company](#), who fall under the AIG umbrella.

- The system essentially allowed employees to input data that was currently being entered into several different spreadsheet and other documents, producing identical documentation and certificates.

- The system, originally intended for the Lexington's London based Healthcare Department went on to be utilized by several other departments, by employees in London, Boston, Bermuda and Dublin.

- The system was designed using ASP, MSSQL, VBScript and Crystal Report technologies.

[11/2000 – 07/2001] [AIG ([American International Group](#))] [London, UK]
[Claims Processor]

- Basic office duties plus communicating with brokers to resolve the payment of settled claims, gaining a strong understanding of the UK and American insurance/reinsurance markets in the process.

SOFTWARE EXPERIENCE

- HTML (& CSS) – Very Strong – 6+ years of heavy usage.
- Classic ASP, PHP - Very Strong – 6+ years of heavy usage.
- MySQL and MSSQL – Very Strong – 6+ years of heavy usage.
- (VBScript and JavaScript) – Very Strong – 6+ years of heavy usage.
- ColdFusion – Strong – 2 years of heavy usage.

Other technologies used often include Crystal Reports, SQL Reporting, Microsoft Office (including Visio) and Adobe Acrobat.

OTHER INTERESTS AND ACHIEVEMENTS

- National League (UK) basketball player from 1993 – 2000.
- I have coached basketball to all ages for 12 years and continue to do so.
- I study Japanese and can speak at basic conversational level.
- In my spare time I enjoy playing the acoustic guitar and socialising with friends.

I feel that I am a creative, open minded, easy going individual who appreciates the importance of teamwork in achieving goals and the importance of doing so in a hardworking, friendly environment where clarity and communication is key.
